

Microsoft Surface Hub Adoption Training

Overview

End-user adoption is key to the success of any technology rollout. Users who have a clear understanding of how to use the technology will be more confident in integrating it into day-to-day activities, group meetings and collaboration.

AVI-SPL's training for Microsoft Surface Hub provides end users the opportunity to learn the basic skill sets required to navigate and participate in group collaboration using Microsoft Surface Hub with confidence.

TRAINING	DESCRIPTION	COST
Remote Online Training	One 1.5-hour online training session	\$499
Half-day Onsite* Training	End user adoption/confidence training event	\$1,499
Full-day Onsite* Training	End user adoption/confidence training event	\$1,999

* Onsite training must be scheduled 3 weeks in advance. Cost does not include travel expenses which are extra.

Training Solutions Descriptions

Online training session (1.5 hours)

Our 1.5 hour online training session provides detailed instruction that focuses on topics like:

- Schedule a meeting
- Start your session
- Have an ad hoc session
- Switch to a new meeting or session
- Use the OneNote whiteboard
- Skype for Business
- Sharing and accessing content
- Working with apps
- Resume or end your session

Half-day or Full-day onsite user training events

Events consist of repeated 90-minute sessions (2 for half day and 4 for full day) to accommodate individual staff members and/or departments. In order to ensure the best learning experience, each session will be limited to 10 participants – depending on your training location.

Participants will learn the subject matter via an interactive, instructor-led presentation, followed by a proctored group-based, hands-on demonstration practice session that provides the opportunity for participants to practice using Surface Hub.

Contact us at sales@avispl.com to schedule your training event.
